

Appointments at FCC Construction

At its meeting on Thursday 25 September, the Appointments and Remunerations Committee approved the following appointments:

JOSÉ MARÍA TORROJA RIBERA, Director for Latin America. Reporting directly to the General Director of FCC Construction, his main mission will be to open new markets and to focus on the bottom line of projects in countries in the region.

José is a civil engineer, who joined FCC in 1987, and has always been closely linked to the region of Andalusia, where he has occupied various positions of responsibility. Until now, he was the head of the company's Central America unit.

MANUEL ANTONIO OLIVARES BLÁQUEZ, Director for Central America. He will report directly to the Director for Latin America and his main mission will be to develop and manage the businesses in Panama and Costa Rica.

Manuel graduated from Madrid's Universidad Politécnica as a civil engineer and since 1996 he has worked in various management roles in the Construction business. Most recently he has worked at ACCIONA Infrastructure, where he was Director General of Infrastructure in Chile.

JAVIER VACA TERRÓN, Director of Business Development, reporting directly to the Chairman and Director General of FCC Construction, his main mission will be to strengthen and lead the latter's international business development team.

Javier graduated from Madrid's Universidad Politécnica as a civil engineer and since 1996 he has worked in various management roles in different companies. Most recently, he was Chief Executive Officer of EDUCTRADE, a member of the ASSIGNIA Group.

RAMÓN GÓMEZ ANDRIO, Director of the Control Unit, reporting directly to the Director General of FCC Construction. This newly-created department is aimed at spearheading cost cuts in projects underway. Ramón graduated from Madrid's Universidad Politécnica as a civil engineer. Since 2001, he has occupied a number of posts in construction in Spain, at Alpine, and, for the last year, he has been a member of the Research and Recruitment team.
